AMENDED IN SENATE MARCH 27, 2012

SENATE BILL

No. 1209

Introduced by Senator Runner
(Coauthor: Senator Lieu)

February 22, 2012

An act to add Section 9250.20 to the Vehicle Code, relating to vehicles, and making an appropriation therefor.

LEGISLATIVE COUNSEL'S DIGEST

SB 1209, as amended, Runner. Vehicles: registration fees: nonresident owners.

Existing law prohibits a person from operating a motor vehicle upon a highway or in an offstreet public parking facility unless the motor vehicle is registered with the Department of Motor Vehicles. Existing law requires a vehicle owned by a person residing outside the state that is based in California or primarily used on California highways to be registered in the state. Existing law imposes, with specified exemptions, a fee on the registration of a motor vehicle. Existing law authorizes certain local governmental entities to impose additional registration-related fees for specified purposes.

This bill would impose an additional fee, in an amount to be determined as specified, at the time of registration or renewal of registration on a motor vehicle registered to a nonresident owner who submits a registration or renewal of registration form with a residence or business address, as applicable, that is outside of the state. The bill would provide that the above fee applies to a motor vehicle that is initially registered or that has a registration expiring on or after July 1, 2013. The bill would continuously appropriate the fee collected, less

the administrative costs incurred by the Department of Motor Vehicles, in equal portion, to the Department of the California Highway Patrol to support databases and public warning systems used to alert motorists and the general public of specified information and the Department of Justice to maintain criminal justice databases designed to enhance the effectiveness of public safety warning systems, thereby making an appropriation.

Vote: $\frac{2}{3}$. Appropriation: yes. Fiscal committee: yes.
State-mandated local program: no.
